ADVENTIST MISSION

2013 • **QUARTER 1** • SOUTH PACIFIC DIVISION

Almost 37 million people live in the South Pacific Division, including more than 423,000 Adventists. But most Adventists live in the island nations such as Fiji (one Adventist in 32 people), Papua New Guinea (one in 28), the Cook Islands (one in 19), Vanuatu (one in 14) and Solomon Islands (one in 13).

In many of these islands , leaders have few resources to nourish believers. This quarter the South Pacific Division is focusing on providing materials to expand the church's work.

Opportunities

This quarter's Thirteenth Sabbath Offering will help:

- purchase solar-powered MP3 players (God pods) for Papua New Guinea, Solomon Islands, and Vanuatu
- provide 15,000 Bibles for children in the islands of the south Pacific to use and share with their families.
- build clinics in at least four isolated areas in Papua New Guinea
